1. Hello!
2. Today's classes are going to be about trees.
3. What kind of trees do you know?
4. Do you have a favourite tree?
5. What do we use trees for? Make a list.
6. In Poland we have a lot of trees and forests - it takes up about 30% of Poland's area.
7. Let's learn about polish trees. Please, watch this presentation, and answer the questions below:

<https://slideplayer.com/slide/13224807/>

QUESTIONS:

1. How tall is Bartek?
 2. How old is Bartek?
 3. What colour of bark does a birch have?
 4. Into what colour do leaves on a maple change?
 5. Name 10 trees from the presentation.
-
8. Do you know how to tell a tree's age?
<https://www.wikihow.com/Determine-the-Age-of-a-Tree>
 9. Now, you can call yourself an expert on trees. The last task for you (you will have two weeks for that) would be to choose a type of tree and make a presentation on it. It can be a booklet or a ppt.

Include:

- a picture of a drawing of the tree,
- a picture or a drawing of leaves, seeds, fruit,
- where you can find the tree,
- how tall it can be,
- fun facts on the tree.

8. Good luck!
